CPJ-4-18: Management and Leadership for
Women in Petroleum Industry
November 14 - 21, 2018

It has been said that the greatest gift in life is "Friendship". Therefore, we are blessed to have a strong tie and friendship with Japan over the year. This Friendship planted seeds of opportunities to collaborate, work together and create positive impact on the oil & gas community, where JCCP program is an outstanding example to be proud of.

Therefore, on behalf of my colleagues from KSA, UAE & Oman, we would like to extend our sincere appreciation and utmost gratitude to the Japanese government, JCCP CEO (Mr. Nakai), JCCP Executive Management, the coordination team including Mr. Aarii, Ms. Masumi Kitahara, Ms. Ritsuko Nakayama for their unlimited support & cooperation to make this program very successful and for providing us with this golden opportunity to attend & learn from such outstanding program. The massive efforts exerted in developing and coordinating this top-notch leadership program reminds us of the prophet's Muhammad (peace be upon him) saying:

“Allah will be pleased with those who try to do their work in a perfect way”

Attending this course in Japan was definitely the highlight in our careers. We had the unique opportunity of visiting leading companies and learning from them the ingredients of success. We also had the privilege of listening to inspiring role models who are the forefront of their industries. Among those are the Japanese female role models who demonstrated resilience, hard work, creativity and determination, thus motivated us to reach new heights.

By embedding this blended learning approach, it opened our hearts and minds to new concepts, ways of thinking and techniques that we can now apply each of them to our own organization and be the role to drive change. Now, that we are finishing the program we truly believe in author Margaret Mead who said: “Never doubt that a small group of thoughtful, committed, citizens can change the world. Indeed, it is the only thing that ever has”.

Again, many thanks to everyone and who contributed to the success of this program
